

Dear Readers,

We're excited to share the second update on the EENOVA project as we mark our 1-year milestone! 🌟 Over the past 6 months, we've made significant strides in advancing energy-smart solutions across the food value chains in Europe.

COMING UP

Food Innovation Forum 2024

 November 13-14, 2024

 Vienna, Austria

The EENOVA project will participate in the Food Innovation Forum at Vetmeduni Vienna. This year's theme, "Towards Sustainable Food Systems," aligns perfectly with our mission to advance energy efficiency and renewable energy solutions in the food industry. We'll be exploring innovative strategies for a greener, more sustainable future in food processing.

EENOVA Project Showcase at University of Ljubljana

 November 22, 2024

 Ljubljana, Slovenia

Biotechnical Faculty of the University of Ljubljana, will host an event dedicated to sustainable practices in the agri-food sector. The EENOVA project will be presented as a leading initiative advancing energy efficiency across agri-food value chains.

Synergy Days 2024: Connecting Innovators

 October 14-15, 2024

 Barcelona, Spain

The EENOVA project participated in Synergy Days 2024 at the World Trade Center in Barcelona. As a key event connecting digital innovators in the agri-food sector, Synergy Days offered a valuable platform for discussing sustainability and digital transformation. We showcased our work, explored new collaborations, and gained insights into advancing sustainable practices within the food industry.

READY, STEADY, GO!

2nd Consortium Meeting and WP3 Kickoff

 October 4, 2024

 Ljubljana, Slovenia

We officially kicked off Work Package 3 (WP3) during the second Consortium meeting for the EENOVA project. The meeting included a visit to Mlekarna Planika, one of the companies involved, and a nearby organic farm. ConPlusUltra GmbH handed over the lead of WP3 to IRI UL, who will guide us through this critical phase.

Collaborations at LIFE CET Cluster Meetings

📅 June & September 2024

📍 Online

EENOVA actively participated in two LIFE CET Cluster meetings, held in June and September. The meetings focused on planning joint events for 2025, while also working on a common information platform for Energy Efficiency projects in SMEs.

Stay tuned as our plans are progressing, and we look forward to sharing more soon!

Showcasing at Agra 2024

 August 28, 2024

 Gornja Radgona, Slovenia

The EENOVA project was showcased at the Agra 2024 Fair, which attracted over 100,000 visitors. We met with Planika representatives, including Director Miran Božič, to discuss energy solutions presented by IRI LJ, and are planning a follow-up visit in October.

EENOVA Quiz on the EnerWizz App

 June to August 2024

EENOVA collaborated with EEIP to launch a quiz on the EnerWizz app, giving players the chance to win valuable prizes. The quiz, introduced at EU Sustainable Energy Week 2024 in Brussels, focused on sustainable practices and energy efficiency in the food sector, as well as the work of our project.

Over 200 participants engaged with our EENOVA Quiz, playing 3,000 rounds and spending a combined 50 hours testing their knowledge on sustainable energy, competing for branded prizes, and discovering more about EENOVA's mission.

Participating in EUSEW 2024

 June 11-13, 2024

 Brussels, Belgium

The EENOVA project participated in the EUSEW 2024 Energy Fair, the largest event in Europe focused on renewable energy and efficiency. Held in Brussels and online, the event gathered key players in sustainable energy, providing opportunities for collaboration and networking.

At the fair, EENOVA showcased its innovative methodologies, shared ways to get involved in the project, and engaged visitors with our EENOVA Quiz—offering the chance to win branded prizes!
